Welcome - Minden Winter Carnival

For those people who have come to Minden for the first time, we welcome you. To the many who are summer residents here, we are glad to have you back. The aim of the Minden Winter Carnival Committee, is to show you a fun packed week end, for the entire family.

As we go to press, we are in the middle of a January thaw — lets hope it does not last. Much work and preparation has gone into the Carnival, but it needs the weather man's cooperation as well.

The registration booth is in the same place as in other years, on the corner of Pritchard's Electric Building, in front of the arena. There you will find Carnival Toques, Crests and Programs, to start your fun week end off. In the program you will find a lucky coupon, fill it out, you could be a winner of a draw held each day.

We are very fortunate this year in having the Kawartha Cavaliers of Lindsay, as one of the main attractions. This group of talented musicians have won acclaim throughout Ontario, and were a big hit at Expo this summer.

Along with the Cavaliers the Carnival Committee have managed to bring back the very popular Brampton Clown Band. This fine group was a smash hit last year, thrilling the crowds with their hilarious antics, and good music.

There is entertainment for both

REEVES AND DEPUTY REEVES TO COMPETE IN WINTER CARNIVAL

This year, the Minden Winter Carnival committee has invited the Reeves and Deputy-Reeves of Haliburton County Municipalities to attend.

A prize will be awarded to the reeve or deputy wearing the best Carnival dress.

The group will be transported in the parade at 1 p.m. Sat on a sleigh pulled by a team of Sinc Nesbitt's famous show horses. Mr. Nesbitt is Reeve of Stanhope Township.

After the parade the Reeves and Deputies will take part in the opening ceremonies at the Minden Recreation Center.

young and old, to mention a few of the items on the program, the Carnival Queen competition is in the Arena on Friday evening, sets the stage for the entire week end. Broomball tournaments and Minor Hockey tournaments also get underway Friday evening. A Mocassin Dance, featuring The In Crowd rounds out the entertainment on opening night.

On Saturday there is curling, jam can curling, skating races, snowmobile meet, Parade at 1 p.m., bowling tournaments, Beaver Skinning Competition, Turkey Dinner is served at Camarvon United Church between 5 and 8 p.m., Stew party, Giant Bonfire, Moonlight Snowmobile Cruise, Hockey at the arena, the Minden Oldtimers and the Minden Juv-

eniles, and rounding activities out in the evening is the Country and Western Jamboree in the arena auditorium.

Sunday's activities start with church services, where sports-wear will be in style, Turkey shoot at Rod and Gun Club, broomball finals, Snomobile Meet, Tug of War on Ice, Tea Making Contest, Linwood Trio will perform in the arena Auditorium, Public Skating, Log Sawing Contest, Fish Derby Weigh-in, rounding out activities on Sunday, will be the draw for the Carnival Queen Doll.

Join in the Carnival fun, compete and win a prize, take a ride in a sleigh and cutter and enjoy the sights — but most of all have a good time.

SCHOOL HEALTH SERVICE ANNUAL REPORT FOR 1967 BY MRS. G.F. MILLER

Although I am very happy to be able to give you this report of my work with the school health service for 1967, I feel rather sad when I realize that it is the last report I'll be giving you.

For the past three weeks I have spent quite a lot of time trying to clear out the office. The task, I assure you, has been very exhausting, considering the accumulation of 15 years of activity. Everything has changed so much during that period since the School Health Service was initiated in 1952. It has been almost impossible to keep up with all the changing procedures, etc., and if one were to take time to read and study all the literature that comes from time to time and fill out all the questionnaires, survey forms, record sheets, etc. that one is supposed to do, it would be impossible to carry out the work that one is specifically trained to do.

In looking through old correspondence, records, etc., many a train of thought took me further away from the task at hand. Thus I have come to realize more than ever what a great blessing this service has been to our county. It is not the statistical part that is most important in my mind, but the fact that the citizens, both old and young, are now HEALTH conscious. They know about the importance of immunization against the preventable communicable

diseases. Parents now routinely take their infants to their doctors for their "needles" and the older ones get their booster doses regularly at the school clinics.

The Councillors of the past 15 years or more are to be highly congratulated on their understanding of the health needs and for their efforts to supply the best services for their citizens. We can now turn over to the care of the new Health Unit, over 1400 elementary school children and more than 500 High School students, practically all of whom are immunized against Diphtheria, Tetanus and Polio, with re-inforced doses good to 1969. They all received the Heat T.B. tests last spring and grades 11, 12 and 13 were immunized against TB.

Figures are always a long way from telling the whole story but some people find them interesting so I shall pass a few on to you and also a summary for the full 15 years of the service. It is just since 1959 that records have been kept of the total number of home visits made.

During 1967 I made 460 home visits to 202 families. In the past nine years 3228 visits were made to 1748 families.

During 1967 24 visits concerned infants, 76 - pre schoolers, 306 school children, 89 - adult and 18 aged. During 15 years of ser-

LIBRARY BOARD ENTERTAINS COUNCIL

On Sunday Afternoon January 28, 1968 the Minden Library Committee entertained Members of the Municipal Council and their wives at an open house at the Library. There were many varied and

interesting comments on the changes that had been made to the Interior of the Library, as well as to the type of Books on the shelves. The Committee served a cup of tea to all present.

WEAVERS GUILD MEETING

The members of the Highland Weavers Guild held a business meeting at the Council Chambers last Thursday evening. The New Officers elected were Mrs. Alice Dugan President and Mrs. Marjorie Irwin secretary treasurer.

After some discussion it was decided to have evening work meetings at the Council Chambers on Friday evenings beginning February 9 and the business meeting will be the second Thursday Evening of every month with the exception of February. Work meeting for the Haliburton group are on Wednesday afternoons. Films will be procured and shown at the two villages as soon as possible.

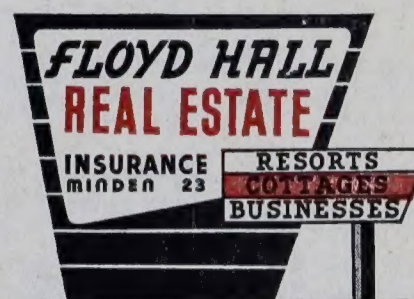

The meeting adjourned until March 14th.

M.O.H. ARRIVES IN FEBRUARY

Victoria - Haliburton Counties Health Unit medical officer of health, Dr. A.G. Bailey, is expected to commence duties in Lindsay about February 26, Victoria County councillors were told Friday.

Reading communications from the recently hired M.O.H. in England, Victoria County Clerk Frank Weldon said Dr. Bailey expected to leave England and arrive in Canada February 21.

The clerk also told county councillors no problem is expected in getting the new M.O.H. settled in a home in Lindsay. He said he had received reports from two real estate firms who assured county council suitable accommodation in the north part of the town would be available.

HERE AND THERE

by FENWICK FINCH

As if I don't have enough trouble with readers on my back — my own cohorts throw the old scutt into me. Take last week for instance — "Fench now, I ask you Dave — is that nice?" "Fenwick Finch" Take it easy you'll be giving the outsiders more ideas.

* * * *

Noticed in Const. E.F. Whitney's column where he was drawing the motorists attention to stopping behind and in front of school buses. This was a point well taken. Gene could go one step further and instruct the bus drivers on the protocol of putting on their flashers. Personally I have had three experiences that could have led to trouble both for the driver of the buss, the children and myself.

In all the experiences the busses failed to put their flashers on until after they had stopped. In one occasion I'm sure the driver thought the flashers were on because as we drove past the bus the driver was waving the arms and blowing the horn. How about it Gene, does the law specify how these flashers are to work?

* * * *

I'm pleased that the Rev. Brubacker has taken me back into the fold. I thought of him the other night when I heard of the five year old who was starting to say her prayers before she went to bed.

She started her prayers — "Dear Howard —"

The mother interrupted her — "Howard, that's not God's name."

"Oh yes it is" the youngster continued, "at least thats what they taught us last week in Sunday School. 'Our Father, Who Art in Heaven, Howard is Thy name.'"

* * * *

Everytime I leave the district I wear my "Carnival Toque" — it is long-tailed and of many colours and it causes enough comment to give me the opportunity to talk about the various winter attractions we have around Minden.

I have been accused of wearing this toque to keep the water on my alleged brain from freezing — as well as other not so complimentary remarks — but then jealousy won't get people anywhere.

* * * *

Have you ever stopped to think just what a "Hat" does for people? We're just about out of space for this week so we'll wait until next week and spend a little time on the subject of hats — and what they do to people.

* * * *

By the sound of things the Winter Carnival this weekend is going to be "The Best" each year it keeps growing and this year sounds like it has everything going for it.

* * * *

That's about it for another week. Drive carefully and enjoy our Winter Carnival — speaking of economics think on this until we meet again. — "The Pill prevents inflation."

Fenwick

LETTER TO THE EDITOR

January 23 1968

Dear Fenwick,

Congratulations on your recent "Liquor Vote", now if you'll just open a good Steak House, Minden will be all set for the upcoming Tourist Season.

What say Fenwick, can you cook ? ? or do you just like to "chew the rag" —

Your such a shy one, we never hear of your accomplishments — which I'll bet are many — "Track" especially.

Boy, you better change your Winter Carnival date to "June 11" with a low temp of -34 you'd certainly have lots of snow — that's for sure.

You Boys really need a Proof-Reader. Up the price to 10c a copy and hire one, or perhaps Fenwick, you followed my suggestion and are now doing that in your spare time, that's why its worse than ever.

Anyway, bad spelling, incorrect temperatures and all, I love you and wouldn't trade you Fenwick, for Scott Young or even Gary Lautens.

Keep up the good work,

Best Wishes,

Your Sparring Partner,

Mrs. James Matalas.

THE KINSMEN CLUB OF MINDEN

A general meeting of the Kinsmen Club of Minden was held at the Wagon Wheel Restaurant on January 24th, 1968, with the members of the Bobcaygeon Kinsmen Club as guests. Both clubs enjoyed the goodwill and fellowship, and in the world today this means a lot. Minden President, Don Crowe welcomed the visiting Kinsmen, president George Hill. Kin Lloyd Foster, Kin Jack Featherstone, Kin Don Clarke Kin Jack Goodman, Kin Bill Gordon, Kin Norm Swartman, Kin Frank Poole, Kin Ross Poole, Kin John Kerr, Kin Bob Jokinen.

The Kinsmen Anniversary night to be held February 23rd, 1968 at Bonnie View Lodge. Invitations to be sent to the Rotary Club of Minden, who help make our anniversary night a happy one. Past President Lyle extended an invitation to the Bobcaygeon Club to join with us that night. Unfortunately, this date is the same as the Bobcaygeon Winter Carnival.

Again this year at Minden's Winter Carnival, the Kinsmen will be serving from the chuck wagon, which was recently painted by a few members.

The Marathon draw tickets drawn on January 10th, 1968 were won by: Mr. Al Conebeare - \$100.00, Mr. Percy Gabb - \$50.00. Good Luck to everyone on the next draw.

LET'S TALK ARENA

Let's talk about an arena — one more time. It is high time this community had a new arena, or at least artificial ice. It is also about time that parents came to the arena to support not only the rink which represents their money, but their kids, who would be proud to perform for Dad and Mom.

It is down right ridiculous, in this day and age, when you go to the arena to freeze to death. On the other hand on a mild day, it is equally ridiculous to watch the kids move the puck in slush.

Like the liquor vote, which was passed recently, we have lagged in this community over the past few years with our sports facilities. We have little, or no facilities for baseball, we have absolutely no facilities for football, soccer, tennis, track and field, or swimming. We have a lovely curling rink with a broken-down ice plant, and an arena that is nothing more than a white elephant.

It would be an ideal time with the ice plant on the blink at the Curling Club to combine forces, working together as a community and build an arena, with an ice plant to handle both buildings. Why spend money on two separate plants, when one new one would handle all facilities.

When we look around us, we see a new arena in Haliburton, Bobcaygeon, Cannington — a new ice plant in Fenelon Falls. These are just to mention a few in the immediate district. The little community of Omeme — that's right Omeme, of all places, is now raising money for a new arena with artificial ice. Believe it or not, but the ladies of that community are the big pushers for the new facilities.

This week some twenty women of Omeme are on a walk-a-thon to Lindsay to raise funds for their project. This is great community spirit — and with that kind of desire their wishes will be fulfilled.

We have over 100 kids in this community who are playing minor hockey. We have over 50 young girls in our skating club. We are going to have literally thousands of children in the future, who will be using arena and ice facilities. The cost of this building and ice plant is increasing each year. Why not buy now and save later.

For the few who run hockey in this town, along with the few women who run the skating club, a lot of time is taken up. It is a little dishartning, to say the least when the facilities are inadequate, and parents show little interest.

The council made a step in the right direction when they purchased 85 acres of land for future recreation facilities. Only one thing bothers me — how long is our money going to be tied up in this property before we get facilities to use?

Mr. Les Winch is doing a fine job of running the arena this year, and it is being used to a great extent. But the real estate that our arena sits on is most valuable to the town as a parking area. Let's consider two things, 1st, build a new arena on our 85 acre site, and 2nd, build a greatly needed parking lot behind our municipal building.

Letters To The Editor

January 29, 1968
Minden, Ontario

Dear Sir,

On behalf of the Minden Area Businessmens Association, and in particular the Vote "Yes" Committee, I would like to thank all those people who worked towards the successful outcome of the Vote on January 15, 1968. Drivers, Scrutineers, our Telephone answering girls, to mention only a few, are to be commended for an excellent job done. To the voters who took the time and interest to come out on such a cold and treacherous day, a special "Thank You" for supporting not only our Committee but the area itself. The advantages of having the opportunity of dining and liquor lounges, will in time prove the wisdom of your decision.

Again, my sincere thanks to all who proved that this community is a Progressive Tourist conscious area.

S.D. Elliott

Campaign Chairman

Vote "Yes" Committee

The following is a letter sent to the Reeve of Germany from the Minden Council:

Minden, Ontario
January 26, 1968

The Burgermeister,
Minden,
Germany.

Dear Sir:

Through Mr. and Mrs. Heinz Stuempel of Minden, Ontario, we convey greetings to the Mayor, council and people of Minden, Germany.

Mr. and Mrs. Stuempel are highly respected citizens of our community and we know you will find them to be very friendly and personable. We are pleased to have them act on our behalf as emissaries of good will.

We have been highly honoured in the past with visits made to our town by citizens of yours, and look forward to more visits each way in the future.

We are happy that Mr. and Mrs. Stuempel can convey to you personally, this letter of greetings and a small token of our friendship in the form of ties for yourself and council members.

As you know, Minden, Ontario

is the centre of administration for the County of Haliburton. The ties are made from our own Haliburton Highlands tartan, and we do hope that you will find them colourful, acceptable and useful.

Yours sincerely,

Gordon B. Bibby, Clerk
Minden, Ont.

COMMITTEE FORMED IN KINMOUNT

A meeting was held in the community centre on Fri. January 12, 1968, for the purpose of forming a committee to run the community centre which the Lions Club had been doing.

Councillors Boyd Austin and Leon Wright represented the council on this board and the following persons were appointed to the board: Mrs. J. Phillips, Mrs. W. Dettman, Mrs. J. Peacock, Mrs. M. Mansfield and Rev. E. Mason.

MINDEN PEE WEES

TIE KINMOUNT

The Minden Pee Wees played to a 1-1 tie with Kinmount on Saturday, January 27th, here in Minden.

The Pee Wees have been winning their share of games this year, but were unable to snap the tie in this contest, even though they outplayed Kinmount in the last period.

Scoring for Kinmount was Brent Hanley, while Bill Jackson scored the lone marker for Minden.

WOODS, WATERS AND WILDLIFE

By James Woodford

The most obvious things often are not true.

Like, for instance, the idea that snowstorms cause trees and weeds to shed their seeds. If you have given much attention to this sort of thing, you undoubtedly have noticed the rather heavy sprinkling of seeds that appears on the snow surface after each storm. Juncos and Tree Sparrows spend considerable time feeding on these seeds. They also are harvested by goldfinches.

For many years, we supposed that the shower of seeds was an aftermath of the storm: that the combination of moisture and cold caused seed heads to burst and scatter the bonanza off at a time when birds needed it most.

Naturalists, however, have determined that the shower of seeds occurs at a rather regular pace throughout the winter. A snowstorm neither speeds the process nor increases the bounty. The clean blanket of snow just makes the seeds more obvious than they are when they fall on the brown

carpet of snow-free winter.

Some plants, of course, shed their seeds at different periods in the course of a winter. There are those that release seed early in winter; those which release them in midwinter, and others that drop seed in late winter. A few old reliables either shatter seed heads at intervals all winter long or else hold their seeds in a manner that makes them available to birds and small mammals.

The various combinations of seed-release characteristics on plants result in a rather steady supply of food through the winter which sustains those birds capable of exploiting it, according to the Federation of Ontario Naturalists.

The winter food of birds depends to a degree upon the birds' adaptability in harvesting seeds. Crossbills, for instance, depend almost exclusively upon seeds which they remove from the cones of evergreen trees. It is interesting to note that despite their similarity the crossbills have different food preferences. The red crossbill feeds largely on pine cones. The white-winged prefers spruce cones. Thus in Northern Ontario where the two species' ranges overlap, they are not competitive.

MINDEN BANTAMS LOOK IMPRESSIVE IN RECENT GAMES

The Minden Bantam hockey club haven't been able to hit the win column too many times this winter, but have been looking very impressive in recent games.

Playing in this league is Fennelon Falls, Bobcaygeon, Haliburton, with strong entries, while Minden and Kinmount have been weak links. Minden however have had little trouble knocking off Kinmount.

On assessing the Minden Club, it is felt that they are a young club, all of whom played pee wee last year. In their last two outings they have started to skate with the other teams, and might finish up the season strong.

On Friday, January 26th, here in Minden the locals held the second place Bobcaygeon club to 4 goals, while they managed 1. The score however was no indication of the play for Minden outplayed their visitors, but were unable to score.

Goal scorers for Bobcaygeon were Dale House with three and John Jones with the single marker. Bev. Hicks scored for Minden.

On Saturday, January 27 the Minden club ran all over the Kinmount entry by the tune of 11-0. Earning the shut-out for Minden was Moxam and Payne who shared the goaltending job.

Bev. Hicks was the big man up front with three counters, while Bill Leary and Tim Hughes each scored twice. Singles went to Bob Arbuthnot, Jeff Campbell, Bill Little, and Wayne Harrison.

SPORTS

WITH BOB BEENEY

Mindens biggest winter time sports activity takes place this weekend starting on Friday and ending Sunday evening.

The biggest event will be the Central Ontario Snowmobile Meet when teams from all over Ontario will compete for many prizes and trophies. This year a drag race will be held and is expected to be very keenly contended. The snowmobile events will be held in the Minden Fair Grounds although there has been a couple of excursions planned that lead to different spots.

Hockey shares the spot light during the weekend with minor hockey teams taking part in two games. On Friday night the Minden Pee Wees play and so far this year they have played very good hockey so their game should be well worth seeing. On Saturday night the current Minden Juveniles take in the Minden Juvenile team from yester year.

I hear a rumour that Gene is donning the blades so we can expect anything.

Broomball is an excellent spectator sport and is well worth watching a game or two. It will be played at various times throughout the Carnival weekend. Don Gartshore tells me that he's got a winner, so other teams better beware.

For the youngsters there is jam can curling, skating races, a snow sculpture contest, snowman contest, tea making contest and numerous other activities.

Jam Can Curling is a favourite with the kids and is similar to regular curling except that cans are used instead of rocks. It is quite easy to participate in the game and youngsters catch on to it very quickly.

There is expected to be some real competition in the ice fishing derby with all of the competitors hoping to land the big one. If the weather stays mild there will be many more people taking part in the derby than other years.

With all these events and many others the Carnival is bound to be a real success.

Unfortunately the weatherman could be the real villain if he doesn't co-operate real soon and push the thermometer down a notch or two. Most of the events rely on the weather being around the freezing mark along with a nice sunny day. Even if the weatherman fails to co-operate there are many other events that can be run in the milder weather.

HOCKEY AND SKI GRANTS

Fitness and Amateur Sport grants to Canada's two major winter sports — hockey and skiing — were announced today by Health and Welfare Minister MacEachern.

The Canadian Amateur Ski Association received grants totalling some \$113,000 in support of its 1967-68 program. The CASA program includes national championships, international competition and training for the National Ski Team, clinics for ski coaches and assistance for recreational skiers.

The Canadian Amateur Hockey Association was awarded grants amounting to \$85,000, most of which will assist the Ottawa and Winnipeg-based national hockey teams. The grant also includes support for participation of Canada's hockey team in the Olympics in Grenoble in February. The grant to the ski association includes:

\$25,705 to assist in the staging of national championships (senior and junior) in alpine, cross-country and jumping international competitions excluding the Olympics;
\$45,628 to assist in the training of National ski teams — alpine, cross-country and jumping in Canada and in Europe prior to the Olympics;
\$20,851 for clinics for coaches;
\$10,750 towards the cost of annual and executive meetings and office administration and to reproduce touring maps and mark trails for recreational skiers.

CURRENT EVENTS FOR 1967

The Hyland Crest Home has a new superintendent.

Fire destroyed a land mark at Carnarvon where we traded as a family and was known as Harts Store. Tom Rogers bought it and we dealt with them while we were at Mountain Lake.

The Kinsmen celebrated their 47th anniversary with a fine dinner at Bonnie View Lodge. There was some talk of a new Arena but with the high taxes for water system was assed on for another year.

The Arena at Haliburton is doing well and with the Hockey school it gets us a lot of good advertising. A snowmobile Club is formed in Minden Headquartered at the Wagon Wheel.

Minden got some new street lights so we also have a new well and pump.

Mr. James Graham has been a member of the Masons for 50 years and received a pin and certificate from the Grand Lodge of Ontario.

We had a fine winter carnival more people and better weather. A lot of prizes stayed in Minden. The Carnival Queen was very young and also beautiful, Jack Austin won again with his snow man.

The Griffiths have another store if it is as good as here it will do well, I am sure. Our Library is fine, a lot of books are in circulation so good for both young and old. The May Festival was not as good as palnned the weather was too cold and wet.

We had a fine Fall Fair, good weather and such a crowd, lots to see and hear. For a small town Minden does not have to take a back seat in sports or the Fair.

The Train trip to see the Festival of Colour was a week too soon. But when the colour came it was grand.

We have a beautiful country and with the river full as it has been most of the summer a lovely village.

Hewitt's Transort has changed hands. Hope we get as good service from the new owners as we did from Mr. Campbell, who bought from Hewitts but kept the name.

Mr. and Mrs. James Hie have celebrated their diamond wedding and Mr. and Mrs. Sam Nesbitt were married 70 years ago.

Sinclair Nesbitt has done it again winning so many prizes with his lovely horses.

The new winter Carnival will be early in February hope the weather is good.

For Women Who Ski

Skiing continues to rank as a leading sport for activity-minded women during the cold winter months. To provide maximum eye protection from glare and windburn, wear ski goggles when you're on the slopes. Today's wrap-around lenses come in a wide variety of shapes and sizes, designed to make any face more attractive. But wind and weather can cause eye fatigue, headaches and nervous tension even with goggles. So use eye drops from a yellow plastic squeeze bottle, now available in Canada, to soothe and relieve tired eyes.

Skiing continues to rank as a leading sort for activity-minded women during the cold weather months.

Days of brilliant sunshine and crisp snow underfoot provide an ideal setting for the experts as well as for the snow bunnies. But there are certain precautions that every skier should take.

It's important to remember that sun, wind and reflected glare can be just as damaging in winter as in summer. Glare conditions produce headaches, nervous tension and eye strain that can spoil any outing.

For these reasons, eye protection belongs at the top of your check list. By following a few helpful reminders, prepared by researchers for the Murine Company, your ski outings can be made more enjoyable this winter:

1 Always wear ski goggles when you're on the slopes. This is important if you want maximum protection from glare and windburn. Today's wrap-around lenses come in a variety of shaes and sizes designed to flatter any face and suit any personality.

Take along a pair of regular sunglasses to protect yourself from eye irritation and unwanted squint lines while you're engaged in other day-time ski resort activities

3 Even with protective lenses, sunglare and windburn can be irritating. Keep handy a yellow plastic squeeze bottle of eye lotion, now available in Canada, and use eye drops to soothe and relieve eyes irritated and tired by overexposure to elements.

4 Protect your skin from burning rays of sunlight with a sun lotion and use a good skin cream at night to keep your complexion soft and pretty.

5 Your personal comfort ski kit should also include an antiseptic, a headache remedy, plastic bandages for cuts, a lip balm, tissues, and a liniment for sore muscles.

Advance preparations such as these can often spell the difference between enjoyable hours n the slopes, and outings you'd rather forget.

SCHOOL HEALTH SERVICE ANNUAL REPORT FOR 1967 BY MRS. G.F. MILLER

(Continued From Page 1)

vice 166 visits were concerning infants, 898 - pre-school, 3,008 - school and 778 adult.

Regarding School Health activities; 1967 I did 1200 inspections of various kinds (not rapid classroom inspections) 544 vision tests and 186 hearing tests. Total of 15 years — Inspections 12,520, vision tests — 12331, hearing tests 1943.

During 1967 9 Immunization clinics were held with a total attendance of 1185, with 1012 inoculations and 441 vaccinations. 21-14 school children, 2 pre-schoolers and 43 adults were given TB tests and 82 High School students were immunized against TB.

I could find no record of clinics in 1952 but since that time 281 clinics have been held with a total attendance of 18,743. 17,990 inoculations were given and 4974 vaccinations. I gave 2598 doses of Sabin Oral Polio Vaccine in 1962.

Although I know that Miss Minott did some TB patch testing I can find no record of the number given. However, during my time 12,568 Heat tests were given. All reactors to the tests were retested and have been X-rayed regularly if indicated. Three children were found to have TB and were treated and cured.

As I have mentioned, figures do not mean everything. It is the individual cases that are most important. It is only through visiting the homes and understanding the family situation and general environment that one can help many who need help badly.

In closing I would like to say that during my term as your Public Health Nurse I have sincerely tried to fulfill the aim of the School Health Service which is, quoting from Miss Emory's book "Public Health Nursing in Canada", "The aim of the school nursing service is that each child experience health, physical and mental, in this and future generations. This aim is carried out by the protection of health, the correction of physical, dental and mental defects, and the promotion of positive health."

I have thoroughly enjoyed the work and my only regret is that, seeing so much to be done, I must leave it for someone else to do. It has been a real pleasure working with the various organizations both local, such as Rotary, Kinsmen, Red Cross, TB Association, Etc. and also the Children's Aid, C.N.I.B., Society for Crippled Children, Social & Family Services, etc. They have all been most co-operative and helpful.

I would like to wish one and all the very best for 1968 and I hope that the Victoria - Haliburton County Health Unit may soon be functioning and that it may be particularly active in this area.

UNITED CHURCH WOMEN HELD IN LINDSAY

ANNUAL MEETING OF PRESBYTERIAL

The fifth Annual Meeting of Lindsay Presbyterian United Church Women was held at Queen St. Church, Lindsay, on January 24, with approximately 300 ladies in attendance.

Mrs. Edmund Ruth, Omeme, President of Lindsay Presbyterian U.C.W. presided at morning and afternoon sessions. The worship service was led by Mrs. Stanley Murray, Woodville, who spoke on the theme, "What does the Lord require of thee?"

Mrs. Lloyd Found, of Lindsay Queen St. Church, cordially welcomed all present.

The president, Mrs. Ruth, in her remarks graciously thanked the members of the Executive, who helped her so much during her term of office. She mentioned the possibility of chartering a bus so U.C.W. ladies could attend General Council, in Kingston, next September.

Reports were given by Miss Olive Geach retiring treasurer and Miss Vina Neal chairman of Finance. Miss Neal stated that Lindsay Presbyterian, by "self determination, has ledged an increase of \$270 over 1967 - thereby pledging a total of \$21,576. as

for 1968.

The morning offering was received and dedicated by Cambray U.C.W., after which Mrs. A.E. Denure, Peterborough led in a Hymn Sing.

A very effective Playette taken from the Bible Study Book "Panorama of the Bible," was written and presented by Cambray U.C.W.

Mrs. Ellis, Belleville, President of Bay of Quinte Conference U.C.W. brought greetings. The Annual Meeting of Conference U.C.W. is to be held at Smith Falls on March 4 and 5. The Conference School for United Church Nomes will be at Albert College June 21-23.

Rev. W.J. Price, minister of Queen St. Church extended a welcome to all, and said Grace.

The afternoon session was opened by Mrs. Ruth, after which Mrs. E. Stone conducted a very fine Memorial Service. Our guest speaker was Rev. Miss R. Catherine McKeen and was introduced by Mrs. Ray Weldon. Lindsay, Miss McKeen is editor of Children's and Youth's Missionary and Christian Education Materials.

Our speaker gave a very challenging address on the theme of the meeting, "Christian Women in To-day's Society. She said: "We really must care and have a concern for other people, in our own country and all over the world. She listed many, many areas of concern and closed her remarks by saying: "We must express our faith by words as well

as works and thereby proclaim the good news of the Love of God by the quality of our lives."

Mrs. Ken Coulter, Fenelon Falls rendered a beautiful solo.

The afternoon offering was dedicated by Mrs. Les Smith of Pictou.

Miss F. Nancekieve, Supply and Welfare Secretary gave an encouraging report of supplies and money sent to Toronto Depot. Used Nylons are once more in demand.

Mrs. G.H. Palmer, Fenelon Falls incoming President of Lindsay Presbyterian U.C.W. expressed appreciation of the honour bestowed on her.

Rev. J.K. Braham pronounced the Benediction.

CARD PARTY AT ST. PAUL'S

On Friday January 26th. a card party was held in the Parish Hall. It was wonderful to see so many people having so much fun. (They were playing cribbage, euchre, and bridge) and at the same time giving all their attention to the various games. There were twelve tables but judging from the noise and laughter, there could well have been twenty-four. If anyone who reads the advance notices of card parties at St. Paul's, and would like to come, but feel they are not expert enough — please come and have fun with those who are in the same situation — the Rector's wife among them! As usual at St. Paul's, the prizes were well worth winning, and the lucky ones were: Mrs. Audrey Pipher, and Mr. Pat Clarke for Euchre: The lone hand winner at Euchre was Mrs. Thurston: the Bridge prize was taken by Mrs. Hilda McCarey, and Mr. 'Mac' McCarey won the men's Cribbage title, with Mrs. Lillian Cooke winning for the ladies. Everyone then enjoyed the refreshments for which the ladies of St. Paul's are getting a local reputation, and many people, as they left, asked how the card parties could happen more often. As the editorial in last week's Progress pointed out, the Rev. K.A. Thatcher feels that the Church premises should be used every night of the week, so maybe this could become a regular event.

CONFORMATION BREAKFAST

Following the Confirmation Service conducted by the Rt. Rev. Donald Marsh, Bishop of the Arctic, on January 21st., the confirmands received their first Holy Communion last Sunday morning at 8 a.m. together with their parents and friends. After this truly solemn and emotional service, they were able to relax and enjoy a breakfast in the Parish Hall, provided for them by the ladies of the Church. There were 27 at the meal, and the Rector was happy to welcome all the new communicants. Without the young people confirming their faith, and making it part of their lives, the Church could die for lack of fresh blood. It was a wonderful thing to see all the young people there, and to know so many who work with youngsters know, that the word 'teenager' is a name to be proud of. There are so many who never hit the headlines because they are good people, and therefore not news-worthy. The bad ones get the publicity.

VESTRY MEETING AT ST. PAUL'S

On Monday, January 29th., after a fine pot-luck supper in the Church basement 31 people ad-

joined to the Parish Hall for the annual Vestry Meeting, chaired by the Rev. K.A. by the Rev. K.A. Thatcher supported by the two Wardens for 1967 were approved an evening of lively discussion ensued, regarding the future programme for the Congregation and Parish. The budget for 1968 was approved, and many ideas for the betterment of the Church were discussed and voted upon. Mr. J.O. Jackson was re-elected by popular acclaim as People's Warden, but Mr. Earl Hewitt regretted that his many other commitments made it impossible for him to accept the appointment by Mr. Thatcher as Rector's Warden. Mr. Thatcher will appoint someone to this office in the near future. At the conclusion of the evening, the chairman thanked the Wardens and other officers for their loyal and devoted services during 1967, and the evening closed with grace.

ST. JOHN THE EVANGELIST GELERT

At a vestry meeting of the congregation of St. John's Gelert, held on January 27th. it was decided that, in view of the small attendances at church services recently, there would be no regular services held this year. All those who attended St. John's are invited to attend St. Paul's, Minden, and it was agreed that the Church of St. John would be available at any time for special services such as Baptisms, Marriages, and Burials. The Suffragan Bishop of Toronto, who is Chairman of the Mission Board, has agreed to this arrangement and hopes that it may be possible St. John's in the future.

to conduct regular services at

ST. STEPHEN'S CHURCH BOSKUNG

The Annual Vestry Meeting was held at the home of Mr. and Mrs. Ben Harrison, on January 25th. with many members present. Mr. Leonard Stinson agreed to continue as Rector's Warden, and Mr. Lloyd Johnson was elected as Peoples Warden. The budget for 1968 was approved, and it was agreed that the Church would take steps to see if they could procure a new organ. Afterwards, everyone adjourned to the lovely big kitchen, and sat around a table laden with good things Mrs. Harrison had prepared — home baked bread makes all the difference to sandwiches!
